“ *Jane was one of my closest friends since I moved back to Virginia in 2005. We spent many weekends together. She was a dear friend to my sister Becky and took her to chemo treatments. She had the most truly kindest hearts of anyone I've ever met. I will miss her very much.*

My dear Jane you never know how much you meant to me . You were always there for me when I needed you day or night to listen to me . Gave me good advice when I needed it. Don't know how I will ever be able to go on without you it still doesn't seem real it's like an awful nightmare that I'm going to wake up from. You were more like a sister to me we've been together for 40 years. You meant the world to me . My dear sister.I love you with all my heart Jane. I love you. Think of all the wonderful times that you and I have had together and I would come to the house we would all go out to eat or order dinner or just watch TV at least we were together.I think of all the times that we had when you were able to get around and do things the fun we did have. I have those memories to keep me going I know I must go on without you. But it will be so hard so many times I reach for the phone to call you to tell myself you're not there rest in peace my love my dear dear sister I love you so much no one will ever know

*Jane,
When we are young we meet people in our lives that touch us in special ways. And then as we get older, married and move we lose touch with each other. That is what happened in our friendship. For those who don't know, we worked together in the mid 60's. Bryan, I remember when you were born. We also were close friends in our single. Your mother and sisters and I laughed together. We bowled together, traveled together, laughed and cried together. You, Nancy and me. Thank you for your friendship. God Bless You. Rest in Heaven's comfort.*
