“ I really wanted to share a few words today on just how special you were to me but found myself flooded with the emotions of losing my own mother all while watching your precious family say their goodbyes. I was just a kid when I first met you. I was visiting my best friend and you were chasing your beautiful granddaughter around their yard. Tina and I have been through a lot over the years and we have you to thank for our friendship today. We had drifted apart and you would always fb message me every now and then to check on me. I told you that I didn't know if Tina and I could ever be as close as we once were. I can still hear your voice say “ that's where you're wrong baby girl because true friends always find their way back to one another”. You were one of the most selfless and loving ladies I've ever met. I can see so much of you in your daughter Carrie and I know you'll live on through her. Life won't ever be the same with out you and we'll be missing you until the day we meet again. Love you always!

“ I got to know Janice last summer through a class at work. She loved her family so much and said she always knew her purpose in life was to have her family and take care of her babies. She loved her children, her grandchildren, and siblings so much. Janice was such a sweet, caring, and thoughtful person who wished nothing but goodness for others. I'm so glad you were able to take your family trip together last fall. I know how much it meant to her. My thoughts and prayers are with you.

“ Ms. Janice was our neighbor for the past 4 years and has always been kind and generous towards my husband and !! I remember one day when we initially moved here my husband said “I made a new neighbor friend” and i jokingly said “she doesn’t know me yet or else she would have been mine first” and since then we “fought over her” but in a sweet way. We are saddened we won’t get her hellos and take cares anymore. May she RIP & join her beloved son!

“ To the family of Janice, We are so saddened to hear of Janice's passing. Please know that the family is and will be in our prayers now and in the weeks to come during this very difficult time. I (Barry) have worked with Janice for 25 year and she is already greatly missed. She always thought of my wife, Betty, monthly when she would send her Better Gardens magazines home with me to give to Betty. I will always cherish the friendship we had. Death can take our friends and loved ones from us, but death can never take the memories that we will always hold close to the heart. Praying that God will comfort each of you now and the weeks and months that are ahead.
