“ *My thoughts and prayers are with all of you.*

. I have worked with Janice for 18 years. When I first started working for MPCCS schools I was an instructional assistant in her science classroom. I enjoyed being a part of her class and seeing firsthand her enthusiasm for teaching and science. Although I am no longer in the classroom and now in the front office, Janice would often make time to come visit the office and catch up.

I think of her often and I will miss our talks and her friendship. MPE will not be the same without her.

“ *Janice, you will be so missed at MPES. You were a wonderful coworker and an incredibly patient teacher. I respected you so much, you always had little nuggets of wisdom and encouraged taking care of self and family first because, "you can't give what you don't have." I'll continue sharing that with new teachers as long as I'm in this profession. Thank you! We're praying for your family during this difficult time.*

“ Family doesn't always mean blood. Family is who has had a lasting impact on your life. Someone who has seen you through some of the best, the worst, and the ugliest of times. Family are those people who you have confided in, and who have loved you, flaws and all, through every aspect of life. Although you weren't blood, you were family, Janice. My heart is absolutely broken, and I wish I had one more chance to tell you how much I appreciated your friendship, and your love - even on my worst days. You will forever be in my heart. Rest easy my friend. 💔
