“ We will never forget Jean. She was an amazing & brilliant friend. In her last years she enjoyed many lunch dates with Andy & Rick Garrett was her idol. She knew she was in good hands with Rick & it was like both of them were her sons. It was a gift from God to help Jean over her trials & tribulations when her illness became all-consuming.

Jean, we know you are pain-free & with your family gone before you. We'll miss your stories about your work & travels. Godspeed to you.

“ Jean became a part of our family and she made us her family too. She was a person that would say whatever she would like to, good or bad, but she was the kindest and one of the most generous people I ever met. Every time I saw her, one of the things that she said to me is how I am coping up with my husband Rick but we are both lucky to have him in our lives. We will miss and love you Jean, thank you for everything. Rest In Peace our dear friend.

“ I met Jean in 2000. She was the most generous and trusting person I've ever met, I was drawn to her initially because of her wonderful voice, which reminded me greatly of the woman I babysat for every weekend for 5 years, though Jean was an Italian from Connecticut and Mary Ann was a Slovak from the suburbs of Cleveland. As well, me & Jean had the same birthday, albeit mine was 15 years later. She was a hugger. She would do anything for her friends. Despite the fact she once taught driving, she was a terrifying driver. Let her drive me to a lunch in del Ray once , never again. She was a loyal friend and regularly shipped Christmas gifts to a friend in England months early to make sure the packages were on time. Jean was a brilliant, loving woman who overcame many obstacles to build multiple successful careers as a teacher, Organic Chemist and in the USPTO. She set up meetings to mentor junior examiners and was my go to for Chemistry questions. She helped raise a co-workers small daughters while he was gravely ill & put much love & effort into caring for them all. When possible I helped her maintain her yard, of which she was justly proud. Did I mention she was bossy?? My favorite memory of Jean was when her knee locked up & she couldn't stand, but refused to call 11 because she thought they'd hurt the front door. So I found an unlocked window over her kitchen sink & after prying it open, dove into a sinkful of dishes. We got her rescued & into a hospital eith her front doir unharmed! Jean found friends wherever she went.

“ Jean and I worked together at the Patent Office for many years. She was such a wonderful and caring person. I remember how Jean would give my son and daughter Beanie Babies. Jean was extremely bright and dedicated to the office. I could remember getting into work early and Jean would already be there. Eternal rest grant unto you Jean and let perpetual light shine upon you. May your soul and all the souls of the faithfully departed rest in peace.

“ Jean and I met and worked together at the Patent Office for many years where we became friends. We hunted for computers (yes back before everyone had a computer in their hands) to use for our jobs. Jean came to my wedding. We went to several wine tasting adventures in Virginia where we discovered we didn't like the same wines...we both thought the other had horrible taste in wine. I helped her to move/pack several times. I nearly killed her through asthma and cat/dog hair attacks when she visited my home...I have two cats and one dog and Jean was very allergic to pet hair. Through Jean's retirement, move to Pennsylvania and move back to Virginia. I miss you Jean. Love you.
