“Jennifer”

*My love for you has never faded
Even when our lives became uprooted
And mine seemed to become so jaded*

*I know you feel it isn't fair
That I'm not there
But I am if you look and see
I'm that single snowflake
On the branch of the tree*

*You'll never be alone
I will always be there
I will hold your hand
And each moment we'll share*

*The world we knew
Has left us behind
Now look to the stars
And keep me in mind*

*Think of me with
Laughter not with tears
When you share our
Moments throughout the years*

*It was my time to go
But I wanted you to know
From the very start
You've always been in my heart*

“Jennifer?s Heart”

*Her love for you knew no bounds
It had no limits and no downs*

*Her love for you started from the day she was born
It was something that couldn?t be broken
Or just simply torn*

*Her love for you was pure
This I say is true
Her love was shared with all of you*

*The love she gave was shown on her face
It was in her smile
The one thing that no one could replace*

*Her love grew stronger
For all of us as each day passed
It was a love that was meant to last*

*Her love for you came easy
And it is here to stay
Even though she is now so far away*

*So now that we are so far apart
Just remember you had a special place
In Jennifer?s heart*
