“ John Bell was a childhood friend of my father, Bud Trenis. We grew up hearing fond memories of their days growing up in Catlett. Mr. Bell was an important member of our rural community and good to so many of us! He is already missed.

“ A dear friend has finished his earthly journey and will be greatly missed. We met Join many years ago when he picked up some cattle to transport to market for us from our dairy farm. That first meeting began a long business relationship and friendship which will always be cherished. Join was a good, honest man, and we loved him and will always smile when we think of him and the way he wore his cap to the side. Our sincere condolences to the family. “ I met Mr. Bell at Dr. Latimer's office, I was his nurse. Mr. Bell was one of my favorite patients, I was guaranteed a phone call from him almost every Monday morning just to inform me how he was getting along. My grandfather also dealt with livestock, so we had something to talk about. When seeing Mr. Bell on my schedule let me know no matter how my day was going, when he arrived, there would be laughter. Mr. Bell will truly be missed. Condolences to the family.

“ I was a life time friend of John and helped take care of him. My husband and I took him to his doctors appointments, kept his grass cut, went over when ever he would fall or needed anything done. We had a common subject which was weather change and arthritis. Even tho he was stubborn and hard headed I will miss our talks on the phone and at his house. We even bought him over to our house one winter day cause he had no heat. My husband and I have done a lot for him
