

John William Brady, Jr., MD

November 8, 1939 - April 12, 2026

Dr. John William Brady, Jr. passed peacefully in his sleep at home early Sunday morning, April 12, 2026. He was surrounded by the love of his devoted family and his sweet dog, Susie. A man of deep faith and tireless dedication, Dr. Brady lived a purposeful life of 86 years that defied medical odds and touched countless lives.

Born November 8, 1939, John was the son of hardworking parents who owned a small grocery store in Washington, D.C. Throughout his teenage years and even while in medical school, he worked in the family grocery store. John attended public schools in Silver Spring, Maryland, graduating from Montgomery Blair High School. He then attended Marietta College in Ohio and received his B.S. degree in Biology. He went on to attend medical school at George Washington University and completed an Internal Medicine internship at West Virginia University.

He was then honored to serve as a general medical officer in the United States Navy for two years. He served with the Gold Crew on the USS John Adams, a Polaris submarine.

Following his service, he returned to West Virginia University for further Internal Medicine training, where he met his wife, Ann. They moved to Richmond where he completed a residency in dermatology. He was again honored to serve as an assistant professor in the Department of Dermatology at the Medical College of Virginia for 2 ½ years. After working for short periods in Elkins, West Virginia and Warren, Ohio, he established his dermatology

practice and home in Manassas, Virginia in 1977.

John is survived by his beloved wife of 57 years, Ann Brady; his sister, Jane Brady; his daughter, Katie Brunk and her husband Joey Brunk; his son, David Brady and his wife Sarah Brady; and his three cherished grandchildren, Henry, Yeardley, and Charlotte.

John was preceded in death by his parents, John William and Kathleen Brady; his sister, Diane Woodard; and his first son, Will, who passed from leukemia in 1981.

A Memorial Service officiated by Pastor Barry Bryson will be held on Saturday, April 18, at 12:00 PM at the Manassas Church of Christ. Visitation will be held prior to the service at 11:00 AM. For those unable to attend, a livestream will be available on the church's Facebook page and YouTube channel.

In lieu of flowers, the family requests that donations be made in John's memory to St. Jude Children's Research Hospital <https://www.stjude.org>, or NMDP <https://my.nmdp.org> (formerly Be the Match - a nonprofit registry for blood stem cell and marrow transplants).

“ Dr. Brady was my dermatologist for over 20 years until covid hit. He was the example of what a good doctor should be, caring, compassionate, always took his time. He saw my kids as well and he always made them feel comfortable and safe. You were one of a kind Dr. Brady, a great doctor and a great human being. You will be forever missed. Sending prayers of comfort to his family.

“ A long time friend of our family as well as a talented, compassionate doctor. Thank you Dr Brady for everything. You will be greatly missed. Condolences to those left behind, may you find comfort in the warm memories of a wonderful human being.

Michael Prosise - April 22 at 06:56 PM

“ Dr. Brady was a wonderful Doctor, father and mentor. Thank you for being such a role model in my younger years and like a father figure to me. I always loved how you had a wonderful balance of intelligence and humor. You were one of the good ones! Love you always! ❤️

“ Dr. Brady saved my life! He found melanoma on my face in 2011. I visited him faithfully ever 6 months for observation until his retirement. Not only was he ‘my’ dermatologist, he also was my friend. I am eternally grateful to him, miss our chats, his expertise and sense of humor.
I pray you rest in peace dear man and know what a blessing you were to so many. ❤️

“ Dr. Brady and I both served on the same class of ballistic missile submarines; he was my dermatologist for his entire career, and I have still never met a more dedicated, kind, smart, and accomplished doctor. He spent whatever amount of time a patient needed. I missed him after he retired; I miss him today, but I know I will see him again.

Bob Fritz - April 16 at 04:50 PM

“ For the few meals I shared the last few weeks with John and Ann was especially nice. I was able to share a bit of our lives. I was very impressed and so much from the writeups. I had the distinct please of hearing from the Doctor much of such experiences. Ann and family I hoping time will lessen your sadness and in time all have a wonderful reunion in heaven. Ann, I will be around for supporting chats when you are ready. My condolences to any saddened, as I suspect essentially anyone fortunate to have had a connection.
Nick living in Bristow retirement community.

Kenny Loveless - April 15 at 04:09 PM

“ *Dr. Brady and Ann graciously hired me to work in their office and I was there 2002-2006. I learned a lot and both were a pleasure to work with. He was an excellent doctor and a great person all around. Working for the Brady's helped me get my foot in the door at UVA and I am forever grateful. I miss you Ann and Jane and my deepest sympathies during this difficult time.*

“ *Dr. Brady served our community with grace and expertise. His warm hands examined expertly, his warm words made some tough diagnoses easier to understand. Listening to his stories- steeped in love and adventures of his children were the nicest part of an appointment. Mrs. Brady and family, thank you for sharing him with us. Rest in peace kind sir, I will miss you.*

“ *I only met him a couple of times, but I loved to listen to his stories about how he decided to become a Dermatologist. He always came into the office with a smile and medical journals for the practitioners in the office.*

We lived across the street from the Bradys in the 70's and loved all of them. Our son, Mark played with their son, Will and our daughter, Laura also played with Katie. Doc Brady was our dermatologist for years.and his wife Ann, was from near our home in WV. I am so sorry to hear of his passing and hope all will find peace soon.

OP

I had the pleasure of meeting the Brady family when I taught their two oldest children at Sudley Elementary (I was Donna Bell back then). Will was with me in 2ng grade during his difficult medical treatments. He was a real trooper, never complaining & always did his very best. A few years later, I was honored to teach Katie, a sweet & bright child. I remember Katie wanting her mom to bring in her beautiful kitty for "Show & Tell"!! In came Ann, pushing a baby stroller with kitty inside!! I'll never forget that moment in time. To Ann, Katie & David, I send my most heartfelt condolences to you all. With love to your family.

We certainly enjoyed our time as members of the Manassas Church of Christ with the whole Brady family. I loved working with Dr. Brady in his dermatology office. Dr. Brady always took extra time with each patient. No one ever minded waiting their turn because they all knew they would get Dr. Brady's special time and treatment. He will be missed!

Dr. Brady took care of my family for over 45 years in Manassas. He was always so patient, cordial and helpful. I always enjoyed it when Dr. Brady would have one of his interns or medical students join him at our appointments. He was an Icon and did so much for so many people. My thoughts and prayers are with his family.

Great men are born, trust Jesus and follow after God. God builds them into great sons, husbands, brothers, fathers and grandfathers. John Brady was one of the greats. Manassas was blessed because of you.
