“ Jack was a prolific contributor to NEBB at both the local chapter and international organization level. I was proud to have him as my boss during his year as international NEBB president. His calm approach and steady demeanor, plus analytical skills, made him easy to work with. Those attributes also made him easy to like and over the years we became good friends. My condolences to the entire family. My thoughts and prayers are with you at this difficult time.

“ Jack was a terrific boss, friend and coworker. He had a terrific work ethic and a dry sense of humor. He loved his family above all else. It was a sad day when he left Comfort Control. Now he is at peace!!
