“ *My husband David and I want to share our fond memories of the wonderful presence of John and his staff in our Northern Virginia neighborhood. We found his shop in the late 70's and relied on John and his willingness to listen, share his car wisdom and exchange small talk and more over the many years we relied on his company to maintain our cars and help us make good choices. about maintenance and replacement. But there was so much more that needs to be said about honesty, a gentle nature and a sense of humor that helped the uninitiated live with their automobile choices. My sincere sympathy to John's family and the network of many friends he made over the years. His professionalism is missed but his person is mourned for the many qualities that can't be replaced. “ John, thank you from the bottom of my heart for being my co-pilot each and every day back and forth to our respective work locations in Arlington. I cherished our conversations during those commutes (yes, even the cussing at the myriad of inconsiderate drivers on 66) but especially our expressions of deep love for our families. I knew CJ, Jenny and Jeremy, and Jimmy before I actually even met them. He spoke very proudly of them all and his loving wife - Susie.

*Rest in Peace, my dear friend...you will forever live on in my heart.*
