“ *I am very much saddened by Mr. Schneider's passing...sending my heartfelt sympathies to his family and loved ones. I taught for 3 years at New Dominion and Mr. Schneider was one of the best teachers there..I did team teaching with him in Science..it was quite difficult but he was very helpful in many ways..he had the ability to make even the most abstract scientific ideas make sense..I will never forget how he shared his pet Jake, and each year would give everyone a chance to touch him and see how nice an animal he was...fun times but unfortunately I never had the courage to go near him...Take care wherever you are, Mr. Schneider and God bless you always, thank you so much for everything...*

“ *My condolences go out to his family and his children. Mr. Schneider was a really good teacher, I was in his 8th grade science class at New Dominion and I remember if the class was good we would get to see him feed the snake in the class! He was such a good teacher, he helped me out a lot. Rest In Peace Mr. Schneider. Gone but never forgotten.*

“ John and I were coworkers but more than that we were friends. He was a great listener. As he and I carpoled to and from work, we talked of work and our families. He talked of his love for Melissa and their children. He spoke of their future plans. I will miss my friend. To his family, please accept my deepest sympathy for your loss.

“ John and I knew one another in high school, though we remained friends for several years afterward until we lost touch. He was an extremely kind and wonderful individual. I'm so glad to know he had a life filled with the joy of his family--- Melissa and daughters. He was liked by all that he met and will always hold a special place in many hearts. I will remember him fondly and will always be grateful that I got to know him for a little while.

My deepest sympathies to Melissa, Mrs White and family.

*Sincerely,
Krista (Noe) Hodgkins*

“ Today is not a good day for me as well as all those that loved John. It's to late to say hello as well as goodbye. Time slips away and none of us truly know where it goes or how fast it escapes us. The imprint in my mind of our memories I will always keep. Your mom making us sandwiches and soup when we came home from school. Paul trying to teach us to build things, you Jeff, Tom and I laughing and watching movies while doing the things that we did as adolescents. Where did the time go. I miss you and always will. You best friend Bennett.
