“ I have worked with Karen for many years. I will truly miss her and
my deepest sympathy to her daughters and family. My thoughts and
prayers are with them through their time of sorrow.

“ Karen was such a wonderful Navy friend. Her untimely loss is such
a shock to us. Our friendship began with the sharing of maternity
clothes and when Tusnami was a dog and not a headline. Our
thoughts and prayers are with you at the difficult time.

Please call if we can be of any help. (703)319-1205.

Love, Dallas and Gayle Bethea

“ Karen was such a beautifully talented and artistic woman. I first met her when I participated in the interview process along with Dr. Repetti and the Immunology Supervisors when she applied for a job at AML. She was extremely dedicated and always professional. I also had the opportunity to take some art classes with her. Her paintings and projects looked better than anything you could find in any store. She poured her heart and soul into every piece she worked on. I was once having trouble with an art project I was working on. It was a huge tray with a rooster and some fruit on it. It was really more complicated than my experience could handle and I was complaining about it to Karen. She invited me over to her home to help me and give me some pointers. She helped me turn my attempted mess of feathers into a beautiful rooster that actually looked like a rooster. I wish I could have had more time with her and I will miss her dearly. Everytime I see a "rooster" I will think of her with fondness.

“ To the Family of Karen Hass;
I worked with Karen for many years and will miss her very much. She was always so much fun to talk with and make me laugh so many times.
