Karlin was a wonderful friend and co-worker while we were employed at SCI Systems Inc. She was a top ranked repair technician. She helped make my job as an In-Circuit Test Technician easy. I used to have her on the floor from laughing at my antics but we always picked ourselves off the floor and got the job done. Karlin really like antique items!!! She was really proud of her children. Karlin love talking about Brian's pretty eyes and Marleen's beauty. Marleen's beauty came from you my friend!!! I am going miss you my friend. I will never forget you my friend!!! While I continue to draw breath, I will continually cherish all the times we had laughing and working together. You truely earned your wings, joy, and peace (everlasting)!!!
