“ I found out too late to attend the services. I am so shocked to hear about Kelly. I was a USPS customer at Broad Run for many years. She was always kind and we laughed and cried through many family issues. I am so sorry for the loss of your mother, sister, aunt. We will all miss her. We discussed our Christian views so I know she is with our Father in Heaven. Everyone should remember Kelly with all of the good memories.

“ My sincere condolences to the family, friends, co-workers, and customers of Kelly Harris. I was absolutely devastated to learn of Kelly's passing today - . I'm a postal customer of the past several years of the Board Run location. Kelly was always a bright light, and extremely knowledgeable USPS worker. We shared business and family stories alike. I often asked when she was going to be ready to retire; her answer always the same, "but what would I do with myself ?" I brought bags of lifesaver candy for her candy dish...her since of humor impressed me regarding those lifesavers - placing the sign "you only have one life, you only need one lifesaver", gives one a hint at her personality. May the memories ease the hearts of her loved ones. Kelly will be greatly missed.

“ I knew Kelly from coming into the Post Office at Broad Run to mail packages. I work for a permit service so mailing plans n permits to the clients after approval. Very friendly, helpful n got to know her in some personal ways too. She would ask me about my grandchildren and I would ask her about hers. We had just talked recently about her mom. She loved her mom n family very much. She was someone who probably never met a stranger. I'm really going to miss her. I will pray to give strength to her family to be able to help them through this troubling time.

I knew Kelly from the Broad Run Post Office where I've kept a box for many years. Now I come in less often, as I recently moved to the north of the county, but I wanted to keep my Broad Run box for a number of reasons, and especially so I could see Kelly who became a friend over the years. We talked about many things, including family and faith. We shared laughs, opinions, and the ups and downs of our lives. She was very patient and helpful when I had questions about mailing letters or packages. She went out of her way to help everyone there. I knew her mother had recently passed away, and I came in Friday, January 27 to see how Kelly was doing and to collect some mail. When I saw the flowers on the counter I thought they were for her mother. When I realized they were for Kelly, I wept there in the post office. I will always have tears for her unexpected passing, but will also have more moments of peace over the years when I think of the joy she is experiencing in heaven. I will never forget her. A big part of the spread-out, rural Broad Run community has gone with her. My prayers and sympathy are with all of her family. I think especially of Alisha of whom we spoke often, and who I was lucky to meet one day when he was visiting. God bless all of you. Love, Kris Keesey

Kelly used to gently correct me because I tended to say Alisha instead of Alijah. I'm sorry I misspelled his name, and will miss her correcting me! Kris K
