“ Kesha my dear friend we have so many memories growing up together in the streets of coverstone 4. We've known each other since our middle school days in Marsteller middle. I remember always envying you n Tina growing up because I was this scrawny skinny little thing n yall were already developed lol, ooooh I was so mad. But you always made me feel like part of the crew no matter what Kesha with that bubbly personality of yours. I love you my dear friend ,may your soul rest in peace. Gone but never forgotten.
