“ *Joanna. Our connections with you and Kris were the brief
conversations at church when you were visiting your parents.
However it was enough to know the blessing and integral part he
was to you and your family. Words can't express how deeply
sorrowed we are at your loss but know that as Christ hurts with us in
our afflictions so we too feel your loss and the honor of having
known him regardless of how brief. May the God of peace be with
you and comfort you. Tim and Lynn Thompson*

“ *My condolences to Ms. Joanna and rest of McCandless family. I
was shocked to hear the news of his passing. He was a good friend
at DEQ who brightened work and brought joy to all things work and
play. A very kind and generous friend who cared about others and
gave of himself. He will be truly missed and fondly remembered. He
left us too soon. May he rest in peace.*

“ *Kris was one of the first people to welcome me to the geology community of Virginia when I came here 22 years. Since then we worked together in multiple roles. I admired his willingness to learn and his passion for teaching others about geology and for working out the story of a petroleum contaminated site. When Kris walked into a room, you knew he was there and that always made me smile. His pumpkin bread was one of the best things about winter - during covid he drove all the way to Alexandria to meet me to deliver a prized loaf. He is gone too soon and I will miss him. Alex Wardle*

“ Kris and I shared many mornings talking about all kinds of topics during our time together here at DEQ. He was one of the “car guys” in the office and loved chatting about cars of all kinds, not just Corvettes. Even though he worked in a different division, he would have fit right in with our group, because that’s the kind of person he was.
We will truly miss his camaraderie and his jovial laugh in the office. The Mobile Sources Division at DEQ offers its deepest condolences. Kris is gone far too soon and will be deeply missed by all who knew him.

“ *I met Kris when Joanna offered to take of our dachshunds when we had to travel. Both of them loved and took care of our dogs as if they were their own. This lead to a friendship, and many more visits. Kris was such a nice guy. We talked about so much, his cars, home projects, and of course dachshunds. It was always a pleasure. He is missed very much.* *Tom Scott*

“ Kris and I worked together at DEQ. Kris had a heart of gold. Kris and I would talk about different things from cars, my fire department, we talked about ladies. From his last girlfriend and he would ask for pointers with dates. We knew about his wife Joanna, he asked me for advice about how to ask her out for a date? I told him to ask her to dinner and if she turned him down he would know where he stood with her. But she obviously told him yes, the rest is history. You could ask him for anything and he would have given it to you. Kris was a great person and friend, taken away too soon.

“ Kris and Joanna took care of my dachshunds when I needed to travel. My little girl Splash was a bit afraid of the big jovial guy who could play Santa Claus. Kris was so happy when she finally relaxed and would cuddle and give him kisses.
