“ I don't have have any memories of Robert I didn't even know about him till the day came where somebody came to my house and told my family that my dads son has passed, but I really wish I did know him and that I could tell him that I felt the same way he felt when his dad left. It was sad and depressing and it hit me really hard when Raymond left my family that includes two sisters and my mom. Ik its been awhile since Robert has left us all but he still comes to my mind every now and then

“ I didn't know him, but every year my family put flowers on a grave that had none at the moment, so I picked him. As I found out more about him, it started to become much more of an impact on me. I didn't know him, nor the family, but they're in my prayers and I care about them

“ On behalf of the Agnews, Nelsons, Ocasios and all the rest of Michael's family, I would like to say how very saddened we are at the loss of Robert's life. My children and I loved Rob very much. We have such fun and sweet memories of many times shared together. I will always remember the slightly mischievous grin he always had on his face. It was my honor to be his "Step" Aunt. Our family feels his loss deeply. Rob was a man with such a bright future and his death at such a young age is a tragedy. The Eskimo's say "Perhaps, they are not stars in the sky, but rather openings where our loved ones shine down to let us know they are happy." May God send his quiet comfort to us all at this time, especially to Kim.

With Love
