“ Larry and I flew pigeons together in the Washington DC area and spent many hours talking about our birds and shared many ideas about how to win more races. We also exchanged birds between each other as friends.

Larry was always kind and respectful to the other guys in our club and he will surely be missed.

Rest in peace my friend.

“ I raced pigeons with Larry for many years. He was always a fine competitor. Larry was the type of guy that could be counted on to lend a hand at club and concourse functions. Rest in Peace Larry.
