“ I worked with Len in beautiful NE Oklahoma, with a FEMA team in 2015. Len was an extraordinary colleague, respectful, caring, always willing to answer questions. He was great fun to work with as well as exacting and professional in his work. Loraine I just noticed that he had passed, my thoughts are with you. Len made us feel like we were all family. What a great man, I think of him often. Take care, -Terry Cookro

“ Lendale

You always bring a smile and such joy into the lives of others. The caring person that you are to all of your fellow workers makes each and every one of us feel special in their own way. You courage other people to think and work out side of the box and take a leap of faith and that it is okay to fall for this makes us stronger in life. God knew that you were special so he whispered in your ear:

Come with me to bring you home for your goodness and love will follow me all days of my life, and you will dwell in the house of the Lord forever

“ Lorraine, Tommy and Family - Nappy was one of the nicest guys I ever worked with at FEMA. He was always helpful to anyone who needed help. He was witty/funny too with some of the pranks he pulled during our deployments. I'm so sorry that such a man had to suffer prior to his passing. He will always be remembered in my heart as a good friend. May he Rest in Peace. May he go sit high on that mountain along side of our Lord.
