It's so nice to see how my uncle touched the lives of so many. If he could make neighbors and friends feel special just imagine how special he made you feel if you were his niece. He always had a twinkle in his eye and I am gonna miss that. I am 53 years old and every time and I mean every time he grabbed me and hugged me and kissed me on top of the head. He always loved Christmas lights. When we were little, He would drive us around manassas just looking at lights. I'm pretty sure my love of the redskins came mostly from him. It was more fun to watch him watch a game on tv then it was to actually watch the game. I think he thought they could hear him if he yelled and clapped loud enough. One of the best days I had was spending the day with him at a game. He was definitely one of a kind. He was so good to me and I am forever thankful for having him as an uncle. My love to the rest of the family who are gonna miss his light. I love you uncle Richard and can't wait for my hug and kiss on the head next time I see you!

“ *Richard made our entire neighborhood an actual neighborhood—welcoming, kind, generous. We are, all of us in Gypsum Hills, closer and kinder because Richard led the way. We will honor his memory in every wave and every greeting of newcomers. He is sorely missed.*

“ Richard's greeting us at church with the warmest welcome possible was one of the key reasons I loved going to PVC. Some days I would find myself walking into church with a very heavy heart, but he immediately made me feel welcomed and relieved to be in a place that felt like home. His warm greetings and smiles are missed, and I can only imagine in heaven that he will be there greeting believers with his warm, kind "welcome home I made some pizza just for you!" - To his family - thank you for sharing your loving Richard with all of us at PVC. - Sandy Spavone

“ *I met Richard and Barbara through another neighbor who lives on our street. As we were walking by his home one day, he invited us into their home to talk and get acquainted. He also encouraged our visiting grandkids to Park Valley's event for children around All Saints' Day, where he cooked thousands of hot dogs for the event. Every year we would enjoy looking to see what Richard was preparing next: the stable and creche, the many Christmas lights, and then all of the yard decorations to celebrate Christmas. He would be out in the yard setting up everything for at least a month before Christmastime. He brought joy and cheer to us all, and I'm sure he did much more service to others in many ways at Park Valley Church throughout the years.*

During his illness my husband Dave and I prayed daily for him, as well as his family. May God comfort and strengthen Barbara and every member of his family, his neighbors, and all who knew him, and give you all His peace that passes understanding. There is no doubt that there is a special place for Richard in heaven, and for that, we can all rejoice.

“ *Richard and Barbara were our next door neighbors along with Barbara's parents for over 20 years. We became very close friends during that time. We moved to Bluefield about 5 years ago to be close to Betty's Mom and brother. We of course were too far away to check on our house during that time. Richard, being the kind and helpful person he was said he would do it. As it turned out he did much more than that. In my absence he oversaw concrete work on the sidewalk & garage, getting several trees cut down, new doors installed , picking up limbs after storms, and many other things. As Barbara said, he took care of our house as if it were his own. He was a Godsend. Richard was a good Christian and I'm sure Jesus greeted him with open arms. Until we meet again Richard.*

“ *Richard was a kind caring man who would do anything to help someone. He took great pleasure inviting neighbors into his and Barbra's house during the Christmas season. The decorations he created brought joy to all. My family will always cherish the friendship we had with Richard and God blessed us all with his presence.*
