“ *Linda and Family,*

*I am deeply sorry to hear about Mick. I know it's been quite a few years since we last talked, but I remember all the good times our crowd of Preston/Yellow friends shared. Charlie Walsh called me Sunday night to give me the news, and I apologize for not being able to say my farewell in person. If you ever need someone to talk to or complain to or just plain ole express your feelings to please call me or send me an email. I can't imagine what you've gone through but I know the scare of cancer and how it can effect your life.*

*I wish you and your kids the best.*

“ *Hi Linda, and Michelle, Thurman, and Catherine-*

*I wanted you all to know that I was very sad when I heard about Mick(your dad)and share in your grief. But your family has been on my mind every day since hearing, and I've done alot of reflecting these days. We had some really good times. I think about our families being at Sumerduck Field and the trials and tribulations that Mick went through coaching, and just being a father watching. I remember laughing and dancing at the few parties we've been at. School functions, cheerleading...we've known each other a long while. Please know that you're in our hearts. -sue*
