Tribute Wall

DM

“ Mack, Through your loving wife Nancy, we were able to know you and love you. What a blessing you were to many. Nancy will be fine, we will take good care of her till we all meet again in that heavenly place. We will miss ole Mack, but we are assured that Mack is resting in peace now. God bless Nancy and all of Mack's children and grandchildren. Our love and Sympathy.

“ Mack, you ol' hoot, just because you're not physically here with us, the memories will remain. Stories will reverberate for years to come and all will laugh with you. Your service and dedication to help others is being lauded by St. Peter though he may have had a TSA rep pat you down at the Pearly Gates! We will all watch out for NS and make sure that little pink thingy is properly placed.

“ *BIL (Brother-in-Law), you may not have been in this dys"fun"ctional family for very long however, it took no time at all for you to work your way into our hearts. You will always be the big brother I always wanted. You took great care of my sister for years and now that you are in a better place, rest in peace knowing I will take over where you left off...I'll beat her with magazines so it won't leave marks (ha, ha!). Coming home won't be the same without you. I will truly miss you!*

With Love-

SIL (Sister-in-Law)

“ *When I worked in Charlottesville as an ABC Investigator, I had the pleasure of working with Mack who at that time was an agent with the ATF. Mack was always an upbeat kind of guy and fun to be around. He , like myself , loved sports and we discussed them all the time. Together, we coached a kids baseball team and Mack's son Timmy played on that team and a good team it was. I will always remember that Mack Townsend was fearless and he always had your back in any situation.*

Rest in peace my good friend and one day you and I will again raid liquor stills together in the Blue Ridge Mountains of Green County, Va.
