“ *Macrissa was such a wonderful sister and friend. She loved everyone, Especially her family. But family to her didn't just mean blood related. There were lots of people who loved her and became her family too. She was our eldest sister, so she was like a mother figure to us. Macrissa and my sister who is nicknamed Horsey were best friends. They went to the movies and out to eat every week with my younger brother. She really looked forward to this. She loved all her brothers and sisters so very very much! This family will never be the same with out her. I would like to say a special thanks to Gloria King, who was Macrissa's friend and a loving part of our family! Macrissa, We will always love you and miss you! Henrietta*

“ *To All My Family,
I Love You All So Dearly. Words can not describe the shock and devastation when I spoke to Taylor and Horsey. I appreciate the phone calls and the arrangement times and dates. I wish I could be there it saddens me that I have a recertification appointment with housing and they never called me back about rescheduling so I have to be there 12/3/14 at 10am. I hope you know I will be a phone call away if you all need anything. I loved are family gathering at Macrissa's house after Grandma Grimsley died and having the family still get together for dinner on Saturdays. All the trips as kids we use to take together. How Aunt Macrissa would open up her arms and her home and heart to anyone in need, and not expect a thing in return. I love You Aunt Macrissa and you will be greatly missed but never forgotten in my heart. Please who ever reads this because we have lost another dear family member. We all need to still stick together and keep in touch. My number is 1-301-743-6093 call anytime.*

Sincerely, Consuela Vargas

Audra, me, and the boys will miss you so much.

You were a mother to all of us and provided us all a place to gather after Granny passed away.

Some of my best memories growing up were all of us together as a family. I wish I could have had more of those times but life happens and before we know it the people we love the most are gone.

I remember the look on your face when you caught me peeing outside at Granny's. You couldn't believe I was peeing outside and I couldn't believe you wanted me to use the bathroom inside. Little boys are like that.

You always knew how to make everyone feel welcomed and loved. We will miss you so much.
