“ *I went to elementary school with Mallory and rode the bus with her every day. One day when she was in 5th grade and I was in 4th, she and her sister Emily were sitting in front of me on the bus. They both turned around and asked me who I thought was prettier. They were both beautiful, but for some reason I told them I thought Mallory was the most. I didn't get to know her well, but I'm sad to hear the news about Mallory as I still have that little memory of her.*

“ *Mallory and I went to middle school together. We never kept in touch after but I never forgot her. Mallory was SO genuine and kind. She always chose her words carefully as to not hurt others. In a place where many are mean, Mallory was the person you knew would be in your corner, no matter what. I have no doubt that she continued to be a bright light for many in this world and beyond.*
