“ I remember coming to your home to visit in west virgina and you gave us watermelon to eat in a contest. And had the longest talks with me alone that will always be in my heart and forever be grateful for you telling me you will always love me and be there for me. I know you are living free now and at peace and I was honored to have the chance to call you my Aunt.

“ I could write a book about how special Margaret was to me and my family. For 32 years I was blessed to have this beautiful and loving soul in my life and I will spend the rest of my life waiting with a broken heart until we meet again. Her smile and her laugh could light the darkest room and you always knew you were in the presence of someone very special. She would give you the world if you needed it. She was one of the proudest mothers I have ever met. She loved her family so much and I know she will be watching over all of you. We both had a tremendous love for animals and we could talk about them for hours. I was not a blood relative but that never mattered. She took me and my family under her wing as if I was her own. That is something that I will never forget. I love you, Margaret and I will miss you for the rest of my life. Until we meet again ❤️ She was one of the greatest.

Sending my love and condolences to her family and friends.

Much love,
Christal, Kevin, Trevor, Amber and Shane.
