“ *My Margo. The time we spent together has been way too short. I am so sorry we didn't meet sooner. What a brave and strong woman you were. It was hard to know what pain and struggles you had to endure. RIP my friend. Fly with the angles. Patty*

“ *Many of you knew my friend Peggy as Margo, but she'll always be Peggy to me. She was a feisty, tough, loving, and passionate lady who unconditionally loved her daughter and her grandchildren. She would fight for them with the ferocity of a mama bear. I've known Peggy for over 40 years and I feel so fortunate for having been able to spend a great deal of time with her over the last nine months. May you now be in the arms of your dear mom and dad and our dear Lord. rest in peace, Peggy.*

I must add Peggy would fight for her husband or anybody in her family. She loved you all very much.

“ *My precious auntie,
My protector, my friend. How much you loved
me my entire life and how much I loved you
will never leave me. From all the family
functions and seeing your beautiful smile
always touched my heart. Going through cancer together was never
easy but now you've gone before me,
I love you always, see you later...Brandi*
