*Louise and Family,  
You all are in our thoughts and prayers during this sad time. You and Marty have always been such close family friends to our entire family. I'll never forget the time Marty helped me move some major furniture out of my family's old condo in Silver Spring, MD. As an adult now looking back; him taking the time, effort and hard work that took for someone that's not even related to him, just shows his character and what type of person he was. The type to help someone in need! I will always be thankful for that!*

*Love, Kathleen - 🙏*
