“ *Mary was the sister I never had. We spent many great times together and shared our tough times too. I am so sorry we lost touch and I never had the chance to tell her how much she meant to me. Condolences to her family and friends. She truly was bigger than life and I hope to see her again someday.* ”

“ To all friends and family, it has been one week ago that Mom passed and nearly four years since Dad did the same. I take some comfort in knowing they are together again. Anyone who knows Mom knows that is where she wanted to be for the past four years. It has been a hard four years on Mom, me, and particularly on my sisters. There is comfort knowing there is no more pain for her. Everyone who knows Mom knows she never had a problem speaking her mind. In knowing this you know she had the biggest heart and would give you the shirt off her back. While I have many regrets about missed moments I am grateful I had the opportunity and the time to tell both Mom and Dad that when I was young running around drinking, fighting and being a hellion and they thought I wasn't listening when they were correcting me that I was and it sunk in and that I loved them both. They both made me the person I am today. They both taught me when to be tough, when to tread lightly and responsibility. I had the time to tell them I could have been a better son and a better brother to their daughters. Thanks Mom for my love of music. Thanks Dad for the ability to use my hands. Thank you both for the ability to use my mind. To my sisters I have and will always have you back. I am only a phone call away. To Mom and Dads close friends over the years, thank you for always being there. To my parents I love you both and you are deeply missed. May you both rest happily in peace together.
Your Loving Son,
Billy

“ My dearest friend Mary was full of laughter till her husband Bill passed. We became close friends 35 yrs ago. We took many vacations together. She and Bill bought a home in W. Va. near my husband and I. Many times we talked about retiring up there. Loved riding 4-wheelers and just drinking a few beers. Mary many times said don't judge me, I didn't . No matter what was said or done I knew she had a BIG heart. She would always say you either love me or you hate me . I always loved you . I find peace in knowing you are in heaven and laughing again. We will be together again one day and there will be a party

“ My heart and prayers go out to Billy, Melisa, Melinda and their Families. I first met Mary and Bill in 1976. We bought the house across the street from them. We had a long fun loving relationship. We watched our children grow up together. Mary was my maid of honor in 1986 when I married Dave. So many good times on the boat at Lake Anna. Bill became an expert tuber in no time, and Mary rode the tube off the dock. Every Sunday you would find us at the lake with a cooler full of drinks and food. I don't know why we drifted apart, but I thought about you often. You will be missed my friend, rest in peace.

“ *Melinda and family, the most difficult part is behind you now and your mother is at peace. No more sickness. No more pain. Embrace the ones around you and know that each friend is there to let you know that your mother's life made a difference and helped to create who you are right now. You are her legacy. Go forth in peace from God the Father, Son and Holy Spirit. He will send a comforter and your memories will be with you in all the days to come. Love, Aunt Linda*
