“ I will always remember Mary's sense of humor, wry smile and the inside jokes we shared as Master Gardeners. She never turned down a request for help. The world was better off with her in it.

“ As a fellow master gardener, I know Mary's passion for the plant a row project ran deep in her soul. This summer I will make sure to say a prayer in her name as we are continuing this important program she believed in so passionately.

My warmest regards to all of you as work through the unexpected loss.

*Warm regards,
Tammy Holloway*

“ Mary was a special part of our lives. This time of the year, she would always excitedly show whoever visited the beginnings of her flower & vegetable gardens while identifying all the plants by their botanical names. She also loved animals and in her house there weren't any "cats", there were only "kitties".

Mary was kind-hearted & stood true to her convictions but always offered anyone something to eat or drink with kind conversations while they visited. The entire Hayes and Holloway families are in our thoughts and prayers.

“ In addition to the kindness and warm smiles, Mary contributed 603 hours to citizens of Prince William County through the Master Gardener program. Many of those hours were devoted to Plant a Row for the Hungry to provide produce to needy families. I am sorry for your family's loss. Mary will be missed by me & Prince William Master Gardener volunteers.
