“ Dear Judy and all the rest of the family. I dont know where to start. Im still kind of in shock. All I can say is I am truly sorry. I hope you all keep your spirits up.
I can still remember her, like it was last week, from back when my mom used to watch her after school. So happy and full of personality. She felt just like my little sister. One of my most vivid memories of her is when if I was laying on the couch watching TV she would just come up and jump on top of me and just sit there. And it actually never bothered me. I would just keep on watching the TV while she just sat on top of me and watched it right along with me. That is the type of things I am going to remember when I think of her. Her just being at the house or at the football field while we were playing flag football. Those will always be with me. I just wish we had kept in touch as we got older.

Judy, Russ and all the rest of the family, you are all in my thoughts and prayers.
