“ *Uncle Mike was only about 11 years older than me and my brother. I have great memories of him playing with us. Our favorite game: we would take the cushions off the couch, lie down, and wait for Mike to put the cushions on top of us and jump/tackle/attack. I think we called the game “smush” or something like that 😊
When we were older, he played ping-pong with us. I will always remember him sitting on the recliner at the Milwaukee house with Jasper the cat on his lap. I think Mike was the only person Jasper liked.*

Sending love to the whole family today and everyday ❤️❤️❤️

“ Mike was my youngest and only brother (with three sisters ahead of him). As the oldest, I would either dote on him or terrorize him. When he was older, he was a good friend that I would play checkers with or badminton or tennis (even though he won every time!). He was smart and had a great imagination, although not so good at crafts. I remember giving him a hard time about a macrame belt that he had to make for art class (he hated that project)! As adults we bonded over the fact that as introverts we had both married extroverts. We would laugh over how wonderful and unfathomable our spouses were to us! I will miss his presence, his wit and his laughter.

“ We remember when Mike & Janice were getting married, they were doing it at the Court House & we were the only witnesses, we had to go into the heart of the city, and got the directions mixed up, had to Park in a illegal spot, and the time set was fast approaching, we made it just in the Nick of time, what a way for them to start their married life, but it worked out and were over 25 year's a loving couple. Great role models for their children. God's blessings were with them always. Mom & Dad Gunn.

“ My favorite memory of Mike was when he would play with his little frog and monkey and tell me all that they were doing. He was about four or five.

“ My dear brother Mike was such a kind and gentle soul that will forever be missed. I have so many memories of him as a child. He was so good at entertaining himself (how could he not be with nothing but sisters!) and could play for hours with his stuffed animals, particularly a very small sock monkey with a specially made super hero cape :)
