“ *Well let's start this again, my fingers just can't work. We were at a family function, and talking about people's names. My big mouth said, well, I didn't know how mom got the name Mildred, but I wish I had another. Well Louise spoke up saying I was named after her. I never knew her name was Mildred. So now I sure my given name all the time. I love and will miss you very much.*
