“ Linda, Phyllis, John, David and Kelly

*My loving and grateful thoughts are with all of you. I loved Ollie as if she were part of my family. I spent many hours with her in soulful conversation and it brought me great joy. I looked forward to my weekly visits with Ollie because it lifted my spirits. Hopefully, it gave her the same joy.*

*I will miss spending time with Ollie but am so happy that she's taken this next step in her eternal journey. She loved all of you deeply and spoke of you every time I saw her. I came to know each of you through her words and stories. She lived as long as she did because she didn't want to leave any of you.*

*Ollie and I had a special bond. She promised me that she'd find a way to communicate with me once she was "on the other side." I'm holding her to it and when I hear from her I'll be sure to share. I have no doubt she'll keep her promise. We laughed about it often.*

*She was ready to go. She knows that you will all be fine.*

*Sadly, I have a long scheduled family event in New Jersey this weekend and cannot make it back for the service. I am at peace with having said goodbye to her. I regret not being able to hug each of you but wish to remain in touch.*

*Please celebrate her life (as I know you will). That is what she wanted and know that you are all very much still with her.*

*Much love to all!*
