“ Patty Mabe, I will miss not having you here on this planet with us. You and I were in the youth group at church together, we sang alto in the Choralettes, Chorale, and other choirs together... We played sports, and were cheerleaders together. But most of all, we laughed, hugged, and sometimes cried together. To your wonderful children, I would like to share what the coolest thing about your mom was. She was generous and genuine. Patty did not need to follow the crowd. She was a leader, and she had her own style.
