“ Pat I can't believe you are gone. I am finding out now today 8/2/25. I will never hear your sweet words again; it was so sad when your Dad past and now you, why? I will miss both of you forever. Mr. Price was my favorite client what a nice person. Your Mom I met through your stories and your Dad's stories. I met your sister in France through your stories, your sister that passed also through your stories, your grandniece and nephew through pictures, your dear friend that lives at Mount Vernon through stories too. I will miss you for ever. I will miss your voice, your kind words, your love for your beautiful pets, your love for your family, for your friends. Pat this world will not be the same. Through your Dad I met you. I remember when he wanted to sell his house in Manasas and we were looking for another home; he only liked new construction. He was kind and intelligent; then when he passed you asked me for help to sold his house; you were so sad and then did everything with courage and kindness. Words can't express enough how sad I feel to hear of your passing. What a beautiful soul you are. I will keep you in my heart for ever, you and your family. Rest in peace Pat, you are with your Mom, your Dad and your sister now. Love you. We'll meet again.

Beautiful Patti Price. I have fond memories of our years together at Congressional FCU. We shared a profound love of Russell and Wise counties in southwest Virginia and memories of family there. You were a good friend and will be missed.

Jennifer, my sincere condolences to you in the loss of your dear sister. I recall her deep love for you.

“ Patricia was really one of a kind . I would've never thought I'd meet someone so important to me at work. She showed curiosity and compassion all the time and looked out for everyone else. I will never forget when she took me and our two other coworkers out for my 18th birthday for dinner at mikes American grill . She loved eating food as much as I did and it was part of many reasons why we got along so well. We would talk about all the different places she'd show me. We would go to 7 eleven after every shift and she'd buy me taquitos (my favorite) It breaks my heart that she was gone so soon she will never be forgotten.

“ I met Patricia 47 years ago. I was 22 and Patricia was 18. We worked together on Capitol Hill in the Finance Office along with our friend Karen Marlo. The three of us remained close friends for the past 47 years. Talking daily. So many memories of all the travels we took together as well as all the great times laughing and some sad times crying. I have lost a great friend and confidant. Only Karen and I are left now with all the memories that the 3 of us made together. My pet name for her was "Pita".....so rest in peace dear Pita. You will be greatly missed by me and many, many others. Love you!

“ *Patty was my beautiful cousin. I remember when my mother was sick, my 2 sisters and I spent a whole summer at your house. We had so much fun sightseeing, movies shopping and playing in Linda's makeup. Even though we haven't seen each other since Uncle Herb's funeral, we still kept in touch through phone calls and text messages. Patty was more than a cousin , she was my friend. I will miss her so much. My heart is broken.*
