“ *My Dear Friend Pat,*

My heart is broken, as the last thing I said to you before leaving to Florida was "Wait for me" and you said "I'll be here waiting for you when you get back."

I just returned and found out that you have left to be with God & Martha. I miss you so much, you've been my friend since 1966, and I will always have a hole in my heart for my best friend whom I could always talk.

All my prayers are with you and your family and with Fritz, and I look forward to the day when I will see you again.

Love, Lina

“ Dear Uncle Pat,

Mom just called me to tell me about your passing, and I miss you so much. You've been guiding me since I was eleven and you have been more of a Dad than my own Dad has been. Thank you for loving me when Dad was in Viet Nam. I know you understood our family well, since Dad was also in the Marines and you two worked together. I'll remember everything you told me the last time I talked with you. I wish I'd known that you were in the hospital, I would have told Mom and she would have come back. I don't know who will give me guidance anymore ... I love you Uncle Pat and will always miss you.

*Love always,
Rog*
