“ Paul my friend you will be sadly missed. Your humor and care for others especially your family was to say the least admirable. I have only known you for a few years but it was an honor. I remember when you were feeling so badly you were very quiet and just not yourself however when you recovered from your surgery a new man emerged. One of fun, laughter and some at the expense of others, me included but it was great. You have left a legacy my friend with the care of your family and the care and respect that they had for you in return. You passed living your dream and not many can say that. To all of your family members I am so sad for your loss. David and the rest of the family we mourn with you. Godspeed my friend from the crew at Rick's and may you roll into heaven on your beloved Harley.
