“ Mom you were there for me through so much. I had a lot of health issues as a kid, teen and into adulthood you stood by me even when you yourself were going through your own struggles with health. Going through cancer has been extremely difficult but you were there for me no matter what. Yes we had our moments as teenagers and mothers do. I never imagined that you would be gone so soon. Yes I know that you are not pain free but losing you has shattered me. Please know I will continue to look after Amy & Gary. I love you always and forever.
