“ Sarah and family...when I called today (August 6, 2020) to wish Phyllis "Happy Birthday", the message was that the phone was no longer in service. I then googled and to my dismay found Phyllis' obituary. What a sad way to learn about a dear friend. I will share this news with other friends in the Aiken area that knew Phyllis and loved her as well. Just sorry we didn't know sooner. Wish we had contact information for you, Sarah.

“ I met Phyllis after my grandmother and her dad were married. I was a little girl, and I remember thinking how beautiful she was. She was just as beautiful on the inside, and she was funny, too. One time she had gotten her ring stuck on her finger, and she had to go to my dad at his store and get it cut off. She just made a big joke out of it. She will be missed by all whose life she touched. Lynn
