“ My thoughts and prayers go out to the Bertaux family. I always enjoyed working with Randy and he always had the answer to any IT problem that came his way. I could always tell when Randy was around because you could hear that Army voice from the other side of the building. You will be missed by everyone at Vulcan Materials

“ *So sorry for your loss, as well as ours. I am glad that I got to work with Randy. He always brightened my day. Around the time that I turned 50, I was getting a new computer. He told me that since I joined the over 50 club, I could have a larger monitor. He always made me laugh with all his technical language. A lot of times, I would pretend I knew what he was talking about. I will miss him. My thoughts and prayers are with his family.*

“ Such an untimely loss of a coworker and someone I was proud to call my friend. My prayers are with his family as I pray our Heavenly Father may comfort them during their bereavement and in time leave them with cherished memories of their loved son, husband, father and grandfather.

"He heals the brokenhearted and binds up their wounds." - Psalm 147:3

"Blessed are those who mourn, for they will be comforted." - Matthew 5:4

“ *What a privilege it was to work with Randy. He was a no-nonsense kind of guy who worked hard every day and got things done. He always had a funny story or a quick witted comment that I looked forward to whenever we worked together. His proud service to our country was evident and all of us at Vulcan will miss him and remember him for many years to come. May God's peace, strength and blessings be with his family during this time of loss.*
