“ Dear Ms. Marmoll & Family,

*My heart goes out to you and your family during the loss of your son, R.J..*

*I never met him or any of your family for that matter. I have a son that is 21 and I worry about him all the time just as I'm sure you did over your children.*

*My boyfriend and I were headed home to Manassas from the racetrack in WVA that Friday nite when we came upon the accident along Rt 234. We left out early to go to the Charlestown so that we would be home before it got dark. The deer are just awful on that stretch of road so that was the main reason for heading back home so early.*

*I just wanted to say that I saw the half dozen squad cars of PWC Police Officers that nite working diligently scouring the woods that nite for reasons to the accident, I suppose. I also read the article in today's Journal Messenger. I'd be willing to bet that the cause was due to the deer in the area. Drive by on any given nite and you will see exactly what I mean....not that it will make things better. May God Bless you and your family during these sorrow filled days ahead.*

*Sincerely,  
Donna Sparks*
