“ I met Robyn through her sister Lori. Robyn was such a kindhearted person, always had a smile, always had an encouraging word. We shared a love of animals and spend time on Facebook commenting on each other's dogs' cuteness (Diesel and Dahlia usually won)! I wish I could have known her better, but was always so delighted when Lori would tell me that Robyn had been asking about me. No matter what Robyn was going through, she had a concern for others that never wavered. I will miss her.

“ First of all I want to send my condolences and deepest sympathy to all of Robyn's loved ones Robyn was my dearest and sweetest best friend for many years she was 17 and I was 14 when we became friends and have remained close friends ever since. Robyn was sweet, caring, and always there for me. She had an infectious giggle, when she would start that giggle she and I would start laughing about whatever it was we found funny at the time until we were practically crying. She was so much fun to be around. I miss her so much and looking at her picture and thinking about her makes me cry, but I will always cherish my special friendship and memories I've had and try to concentrate on the laughter and fun memories. I love you forever my friend.

“ *My cousin, Robyn, was a beautiful soul ! I have lovely memories playing together as children. Though we did not get together often enough as adults, it always seemed like little time had passed. That same wonderful person was just grown up . She will be missed !*

“ *I'll always remember Robyn as a thoughtful, generous, caring person. She spent many hours with my mom, crafting with nieces, always a focused ear for the nephews sports tales. At Christmas we all knew Robyn was bringing the pastry assortments. She had always been the one who brightened the room. Honest as any person I ever knew. I will miss her. I know she is with her beloved mother and father in heaven.*

“ My big sister Robyn was sweet and generous and loved fiercely. She was there for me so many times when I needed it most. Her smile and warm ways brightened many lives. The world has grown sadder with her passing. I am heart-broken.

*I love you, Robyn.*

*I met Robyn when I started high school and became best friends with her sister Lori. I spent a lot of time at the Ingberg's. I went on several family vacations with them and they became a second family to me. They were such a wonderful, loving family.*

*The things I loved about Robyn were her beautiful smile, her laugh, and her soft spoken voice. Robyn had a heart of gold and such a kind, gentle soul. I remember when Robyn would drive us places before we got our licenses. We went to lunch with her several times and always had so much fun.*

*I am so sorry to hear of Robyn's passing. She will be missed . Sending hugs, love and prayers to Lori, Dwight, Todd, Scott and Maryanne.*
