“ I will never forget all the summers while growing up here in Maine- waiting for our favorite "boy" cousins to arrive from Virginia..we had more fun, catching snakes, frogs, AND they would pay us!! I miss you more than words can describe..I have a very special place in my heart for my dearest cousin Ron, and wish I was there with you all.

“ *Pelkey Family,  
We are so sorry for your loss.  
We will always remember and cherish our teenage years growing up. Ron was right there with Dave and I in all of the things we did. Always happy and fun loving. He was a great friend, father, son, brother and husband. No words can comfort your loss, but we will always be here for you in any way you need.*

“ *Ronnie, Scott and I will miss you very much. You were a spendthrift with your Self, and a roomful of people became more lively and fun when you walked into it. We are happy to have known you here on Earth, and to have been among the many who loved you. Rest in peace. "But if the while I think on thee, dear friend, All losses are restored and sorrows end." --William Shakespeare*

“ My dad was the strongest man I knew. He was courageous, intelligent, optimistic and caring towards everyone. I always remember the story Marie told us when we lived in Piedmont. Daddy picked up an older lady and her husband from the side of the road when their car broke down, brought them home and made them a feast and got them tickets to continue their travels to florida to be with their family. Even though I cant call him and hear his voice I can always talk to him because I know he's watching over all of us. Daddy was truly our shepherd and guardian and now he'll be our angel until we can be together again in the kingdom of heaven. Daddy you will always be loved and never forgotten.
