“ *Allen and I used to sell ice cream at lunch to the students of Osbourn High School. Allen and I were in the class of 1960. We had some really good times as seniors. I moved to Alabama in 1964, so haven't been around in a long time. Also my birthday is the 28th of March and Allen's the 27th. I am So sorry For your loss.*

“ Our family owned the shopping center where Al had his barbershop. My grandfather’s and father’s offices were next door in the bank and both used to have Al cut their hair. I remember my grandfather took me and my brothers there for our first haircuts and I took our oldest son there for his first haircut. My dad would take us whenever he could, but we were always wondering how much Al could possibly trim off his hair as he lost much of it at an early age! My grandfather and father would always talk “shop” with Al and get caught up on all of the local news. Al was always so inquisitive and genuinely interested in all of our activities and totally supported our athletic teams over the years. Believe it or not, I have thought of Al just about every time I’ve gotten a haircut over the years. One thing I remember about his shop was that built-in vacuum he had for getting rid all of the loose hair after he cut it. Now, I take my sons to a local HairCuttery and all 3 of us HATE that feeling of loose hair all over our neck and down our back. We would always comment....”sure wish they had a vacuum”.....,and I would immediately think of Al!
RIP, Al.....you were a true gentleman and a Woodbridge legend that will be missed by many.

“ Allen was one of the kindest, caring, genuine and loving man that we have so many fond memories of. He had a heart of gold and was always willing to be there for anyone. I always thought of Allen like a Father especially during the year before I moved to Kentucky. He was always there to reach out to me mowing my lawn, helping me with things that I needed done before we closed on our house in Virginia. Steve loved going to his barber shop to have his hair cut. He was a gentle man with a kind soul and he will always have a place in our hearts. We have truly been blessed to have had Allen in our lives and his beautiful wife Rhona who I love and adore. We love you and you will never be forgotten. RIP sweet Allen 🙏

“ Allen and his lovely wife was always there during the big events in my life, came to my graduation from high school and to my wedding. Allen was the one that stepped in for the father/daughter dance. He will be truly missed.

“ I remember almost 38 years ago, when I went into labor, Granny called Allen and he came over to the house and he waited in the upstairs rocking chair for over 8 hours waiting until it was time for me to go to the hospital. I feel I was blessed to learn many valuable lessons from Allen. Allen’s devotion to his parents and his children were unwavering. His patience to listen and not judge was extraordinary. He always kept a promise, because giving his word meant everything to him. I thank him and his wife for attending Lisa’s wedding because of a promise he made to Granny. When he attended the wedding and I saw Allen with his wife Rhona, the devotion and love that he showed her was something that every couple could only wish for themselves. Allen, I will miss you and I thank you for your wisdom and the lessons that you taught. Robin Dove Cartwright

“ Al cut three generations of my family. My Father was a customer at the Barber Shop in the 60's then Al gave me my first hair cut in the 70's. I then took my first son to Al for his first hair cut. I always loved going to his shop, he was always smiling and telling stories. When I was a young boy that couldn't sit still, he had a string in the back that I believe had dried prunes or peppers on it that he would bring out and tell me was ears of the little boys that couldn't sit still. I tried much harder to be still after that. That barber shop was an anchor in Woodbridge because of Al, he will be missed.
