“ Lisa, Chip and Linda, Your mother will always be special to me and many other teachers in Prince William County. Nettie was the first voice an upset teacher heard. She listened no matter how trivial the problem and pointed you in the right direction for a solution. PWEA will never be the same.

*For me personally, Nettie was always there when I needed her...as a new leader, secretary, and finally president of PWEA. She helped me through several life altering situations during my 30 years of friendship with her. And lastly, her death brought me together with my very close friend Gene Norskog. We attended the funeral, went to lunch and spent the day together remembering your mother. Yesterday Gene had a massive stroke and passed away today. Even after her death your mother looked out for me. I know that she is up in heaven taking care of everyone. I loved her!*
