“ I had the pleasure of working with Shirley when she was serving as the admin. assistant to Rob Shenton here at Atlantic Research/Aerojet. She always seemed to know more than she let on, and always knew what you needed to know. She never failed to have a smile for everyone and was always good for a laugh or 3 or 4 thru the day. She could be a force of nature when necessary but she was always a pleasure to work with. It's her laugh that will always stick with me when I remember Shirley.

“ My condolences to Shirley's family. She was a delightful lady and a great secretary whom I had the privilege to work with at ARC in the 1980's. I always remember her driving in the gate in that gray Corvette! My prayers are with you at this difficult time.

“ *I have had the pleasure of working with Shirley the past 11 years at Prince William Hospital. Shirley was a very warm, caring person who answered the phone when you called Prince William Hospital.
