“ Oh Steph.... 😞. I think back to our good times and they're just flashes of the past now. Sad flashes because I know we won't make new memories.

I'm so sad I can't be there today. I've been thinking about you all week. The time you stayed with me for a while and we were inseparable. All the times we sat on my front porch looking at the stars and talking about life. The way your eyes lit up whenever you talked about Kayla, Austin, and Jayden. You were such a proud mamma.

Our trip to Vegas was EPIC! You drove 8 hours to meet me in vegas and you had the best snacks for our adventure.

I remember driving to the mountains and standing up in your car with my head sticking out of your sunroof, soaking up the sunshine and the mountain air. The picture u told me to take of the mountains while I was doing that is one of my favorite pictures ever. I remember how thirsty we were after we hiked that mountain and ran out of water at the top.

"Don't you dare drink from that stream Alison!!" you screamed at me in the most mothering tone I have ever heard. I remember how we yelled stuff into the valley all the way back down just to hear the crispest and clearest echos we've ever heard.

You are still the only one that I have ridden in a helicopter with! Rest easy sweet bb. I love you more than you will know and more than my fool self ever showed you. I will miss your smart mouth and beautiful smile everyday.
