“ *Steve was one of my C&A contractors for the JABS and CAS programs at DOJ. He was a great part of the Northrop Grumman security team -- very smart and hard working, and knew the C&A process backward & forward. I remember when Steve and Thomas Forck shared an office at the JABS PMO -- they had this huge philodendron growing in their office and Steve would pour his coffee in it -- maybe that's what made it grow so crazy! I also remember when Steve was addicted to a special brand/flavor of potato chips -- he actually had the vendor send him a carton or two of them! Maybe not such a good idea looking back, but he sure did enjoy them!*

Steve was a great guy and I will miss him greatly. My condolences to his family and dear friends.

“ I was so sorry to hear of Steve's sudden passing. We worked together many years ago in Stuttgart, West Germany. Though I didn't see Steve much in recent years, I'm reminded of what a very nice and gentle person he was. He always treated me with kindness. I will always remember him with that mischievous twinkle in his eye.

With deep regret,

“ Steve and I had a close and enduring history and relationship that began in 1984 when he joined the PRC C3 Project at Patch Barracks in Stuttgart, Germany. As of late, due to the geographic separations associated with both our jobs and residences, I hadn't seen Steve for quite some time. However, we always seemed to manage to keep in touch about twice a year for an hour or so via the telephone. Needless to say, I was personally stunned and most saddened to learn of his passing. He was a wonderful person and an especially valued colleague whom I will sorely miss.

“ *Barbara, Kevin, and Tim,*

As a fellow Northrop Grumman employee, I worked with Steve several years at the Department of Justice. He was a great coworker and a wonderful person. I'll miss him! You are all in my thoughts and prayers during this difficult time.
