“ *Even though I never met Susan, I knew her thru Helga. Words cannot express my sorrow for your loss and her family's loss. A life taken too early but a life that was blessed to have you, Helga, as her Mom.*

“ What can I possibly say? I've known Susan for so many years, starting in Germany when we were fourteen years old. We both moved to Maryland the same month in 1978 so we just became inseparable to say the least, much to our parent's chagrin. :-) I'm sure Susan's mom can unfortunately attest to that. :-) In fact throughout the next twenty five years we were joined at the hip, through all kinds of good times and bad. We kind of lost touch the last ten years or so, but just reconnected a few months ago. and we just talked and talked. I'm so grateful we had that time at least. Susan was always my touchstone and my only link to my absolute entire past. She knew everything and was always there for me, no matter what. I always knew that and I know she knew I would always be there for her. I miss her so much...more than I even thought possible. I live in Florida now, but was coming back to Maryland for the holidays and was hoping to see her. I'll have to take solace in the fact that I will still see her someday. I could write here forever about how important Susan was and still is to me...but I'm really trying to fight through some serious tears.. I love you Susan.

“ Susan would open her door and help anyone in any shape or form. If you had a problem and needed some help on figuring things out she was my friend I would call. Now I don't know anyone quite a bright as her especially in the legal advise that I could confide into. Susan you touched my life and you will never be forgotten by me. But I will see you again in Heaven, so meet me at the gates!

“ I will always remember playing cards and hanging out with Susie. She was a strong minded woman. Always a joy to be with. We always had fun dancing the night away. I will miss her dearly and always keep her memory close.
