

Susanne Miller

March 5, 1948 - October 7, 2022

Sue was a caring neighbor and friend, a charter member of Buckhall Fire Department Ladies Auxiliary, a lover of Olde Town Manassas and its history, and a skilled and attentive laboratory technician for Dr. W. She was a community activist, an advocate for nature and conservation, a shelterer of blue birds, and a feeder of hummingbirds. She became an avid Hokie fan and dancing member of Parrotheads of the Old Dominion. She loved everyone she met and was always thinking of others. Most of all, Sue was an adoring wife, mom, and grandmother.

Susanne is survived by her loving husband of 52 years (and high school sweetheart), Vincent Miller, Jr.; Daughter, Krista (Jeffrey) Scofield; Son, Anthony Miller; and Grandchildren, Mason and Mitchell Scofield.

“ *Over 30 years ago I was blessed to become a part of the Miller family when Krista and I became roommates. Mr. and Mrs. Miller were my extended family mom and dad. They were a part of so many wonderful memories. Susanne was a beautiful soul that gave so much of herself to family and friends. She will be missed, but I know she is sharing her beautiful heart among the angels.*

“ Not many people enjoy getting their blood drawn, But all of her patients loved Sue! She remembered all of them and would have conversations about their family as they sat in her chair in the lab. She put them totally at ease with her humor and technical skill. And with a first-time patient, she would get to know them before drawing a specimen. When they were finished, often times they stayed to talk with her as if they'd known her for years. The employees who were lucky enough to be present during her conversations with patients, would smile in awe, as she skillfully decreased any anxiety the patients might have had.

She was in integral part of Dr. Werner's office for 25 years. She always added humor and knowledge at our staff meetings. She had an amazing grasp of all of the government requirements and red tape we had to deal with. She read all of the government missives and put together our office protocols that kept us in compliance with OSHA and CLIA requirements.

After retirement, Sue and I continued to talk and meet, but our discussions were about flowers, birds, (especially blue birds and hummingbirds), and most of all family and friends. She had the biggest, kindest soul of anyone I've ever met. She would tell me about her many travels with Vince, she remembered all of the humorous parts, and you could see her eyes light up when she spoke of her Vince. Sue delighted in her children (but as a mother would continue to worry about them, long after she didn't have to). She was incredibly proud of her amazing Grandsons and would send me photos of their milestones. I would always respond how astounded I was about their growth and development over the years. She would laugh and try to warn me it would happen to my young Grandson's, as well.

I, like those who knew and loved her, can't believe she's actually gone. She was pure of heart and soul!. But because of that, she will remain a bright light in our Hearts and Souls. Vince, Krista, Jeff, Tony, Mason, and Mitchell, you already know how fortunate you were to have had her in your lives. Hopefully your shock and grief will eventually be replaced by the knowledge you have the most amazing Guardian Angel looking over you. I can already see her

smiling!
