*Tabs., I am still in disbelief over your passing, you have seen me cry over and over and I hope you have heard me talking to you everyday since Jr called me, I hope that Heaven is what we believe it to be and aunt Betty and grandma were there to meet ya when you arrived. I am gonna miss our chats we had texting, facebooking and over the phone. I will never forget our time we had 2 years ago when I came home and we went to our great great grandparents homestead the Goods and I was scared to go up to the door but not you !! Had it not been for your bravery we never would have met our way distant cousins or seen the inside of the home our grandma's grandparents. We had a great few days even though you hurt you said I am having fun and we did. I told you many times how proud I was of you taking care of Aunt Betty but that you needed to take care of you too., you always said you would someday, well I guess God decided it was time to end your pain since no doctors could seem to take of you. Now aunt Betty and grandma are taking care of you now. I will miss you as long as I live, and I pray you will be waiting with daddy aunt Betty and grandma and rest of our family to greet me when I arrive one day too. Rest with the Angels sweet cousin , I love you,, Janet*

“ Tabatha,

*We have known each other for over 35 years. We were apart of each other's lives with weddings, the birth of my daughter Lucy & as Lucy said she was always Aunt T.. You treated her like she was your on and yes spoiled her. We all went to Disney on an Amazing Vacation, Amish Country vacations and Bike Week Ocean City. Even though we didn't always agree and fought like sisters at times, you will always hold a special place in my heart.. I know you aren't in the constant pain anymore and that you are with your Mom.. I will always love you no matter what and we all have an Angel looking out for us now.*

*Jr, Nena & Terri,*

*I am So Sorry for your loss.. I know the pain is hard right now, it will become a little more easier with each day. My heart goes out to you all!! Remember the good times and the memories you have with her.. No more pain or hurt for her.*

*Sharing a few Older pics of both Tabatha and Mom!*

*Love you all!*

*RIP TABATHA 🥺*

“ *Tabatha you were more than a sister-in-law after marrying your brother you granted a sister even after our divorce. You always said I was your sister when I took you places even at the hospital. You were the best Aunt to Nena you thought of her as your own. You were a care giver to your mom when you needed care yourself but you put your mom first so that tells you have a heart of gold to those you love.💕 I will miss our walks to each other's house along with dinners and gossiping. I know Christmas won't be the same without your homemade cookies and goodies. You treated your animals like royalty and they loved you very much. We had our ups and downs but still loved each other. I know now you are not suffering in pain and you can do all the stuff you wish you could have done without back and hip pain. I can see that gorgeous smile when you see your mom. You will be truly missed by my heart💕 and your friends and neighbors.*

“ I'm am so very sorry for you for your loss. Tabatha and I were good friends and neighbors. We shared a love for dogs! Halia was my dogs, Remy, girlfriend and we loved seeing them together. Tabatha or Aunt T to Remy would always give Remy treats when we visited...she loved him so much!! Remy always looks for Aunt T while we out walking and now I have to tell him that she is gone and is now with his Daddy. Tabatha was a sweet, loving, caring, and wonderful part of my life. She was always willing to help me through the tough times. I am absolutely torn up and my prayers go to the family and friends whose lives she touched. She was so beautiful and will be missed!!!

*I met Tabatha a few years ago through Nena. She became a loving friend to me and my two German Shepherd girls. Taking care of them was her daily joy and they loved her dearly. Thank you Tabatha, for always being there when needed. Even we miss you already, I know you are in a better place now, united with your beloved mom, without any pain and sadness. We love you - rest in peace.*
